Richmond Goes Over "The Top" 50 Per Cent

Contra Costa One of the Banner Counties of State

Richmond is 150 per cent. Not satisfied with raising her quota of \$376,200, the people raised an additional 50 per cent. The amount of these gilt-edged victories purchased by Richmond totals \$542,400. Not bad for a workingman's town, is it? Approximately 5000 persons subscribed to the loan, averaging \$100 to the subscriber.

The Bank of Richmond reported 385 subscribers, \$85,000; First National Bank, 2477 subscribers, \$243,250; Mechanics Bank, 1725 subscribers, \$181,950; 374 Pullman-Richmond subscribers, \$32,200; total, 4961 subscribers at \$542,000.

No Third Termers For "Uncle Samuel"

WASHINGTON, May 29.—The opinion of leading democrats here is that President Wilson will depend largely upon the fate of the league of nations in regard to his candidacy for a third term.

Those who are in touch with the American people outside of Washington, says a prominent legislator, are of the opinion that President Wilson, or any one else, who attempts to break the traditional rule, will be ignominiously defeated. He adds:

Third termers were never popular with the American people, and sentiment has not changed.

Rents May Go Down

Ten new store rooms are in process of construction along the line of Macdonald ave. from First to Sixteenth. When completed, these improvements should relieve the high rent tension in the "business center."

Crockett Wins County Victory Loan Banner

Crocketts Victory Loan quota was \$78,000. The Hawaiian Sugar Refining Co. employees subscribed \$119,300, which was \$40,700 more than the entire quota. Crockett and other district subscriptions in the county amounted to 69,650, which brings the total subscriptions up to \$288,950 for the sugar town.

Over The Top and Millions to Spare

The total subscription of the Victory loan will be \$5,249,908,300, an excess of \$749,908,300, or 16.66 per cent over the prescribed quota of \$4,500,000,000, according to final official figures tabulated at the treasury today. All districts except Atlanta and Dallas over-subscribed their quota.

Berkeley Methodists Raised the Money

The College Ave. M. E. church of Berkeley closed its Centenary drive Monday, oversubscribing its share of the \$105,000,000 by 41 per cent. Besides this a 17,000 fund was created for securing land and also for extension work. This movement is a boon to the smaller churches which have not been self-sustaining. Albany will derive a benefit from the Centenary movement, a fine new church building being assured.

New Cottages Built For Richmond Annex

Six attractive cottages are being built by Contractor Fagerstrom in the Richmond Annex district near the county line.

Martinez Can Also Go Over the Top

The amount to be raised for the work of foreign missions of the Methodist church is \$1,105,000. Martinez Methodists at a church meeting Monday night raised their quota of \$1300, and added a few dollars for good measure.

A Petition For Letters Filed

A petition for letters of administration in the estate of the late Clara Bell Slater was filed in the probate court on Saturday morning by J. F. Slater. The estate is valued at \$12,000 according to the petition and is principally in property located in the vicinity of Pleasant Hill, the former home of the deceased.

Funeral Services of Mrs. Margaret Wells

The funeral services over the remains of the late Mrs. Margaret M. Wells were held from her late home at 5672 Oak Grove ave., Oakland, today at 1:20 p. m. Following the services there the body was conveyed to Martinez where interment was made in the Alhambra cemetery.

Streeter's New Method of Advertising

That man Streeter has some gray matter under his hat. He knows what advertising with printer's ink means.

No dead walls for Streeter. The bill board is obsolete, he says. But think of Streeter going up in an aeroplane and sitting down from the azure blue, hundreds of feet above Richmond, handbills announcing "Everything for Everybody at Streeter's."

And then to give the natives in Richmond and vicinity a thriller, Streeter, after distributing the bills, released himself from the aeroplane and "parachuted" down. Oh, you Streeter!

Competition in Auto Stage Lines Not Desirable

The traffic at Main and San Pablo has increased 500 per cent since the introduction of auto stages which run between Albany and Richmond at intervals of 20 minutes.

Hundreds of persons who never heard of Albany, now speak of it as a busy and bustling place, due to the congestion of traffic at Main and San Pablo where the stages take on and unload passengers bound for San Francisco and Richmond.

Messrs. Hughes and Eppson, have built up this auto stage business and it is due to their hustling and stick-to-it tendencies that the people of Richmond and Albany have had good and quick service as well as the accommodations given transients.

The question is now asked, will it pay to grant licenses to outsiders who propose to conduct a stage line from Richmond to Oakland, and who ask permission to carry passengers to Albany, making this city a way-station on their trip to Oakland.

It is claimed that the service will be impaired to the extent that the men who have established and built up an efficient service will be compelled to go out of business, and give way to outsiders, who do not have any interests in Albany whatsoever—non-residents and non-taxpayers.

It is said there would be no objection to competition if the business would justify it, but with other licenses granted, the stages will be compelled to operate at a loss or quit business.

Holy Ghost Celebration At San Pablo June 7 and 8

The annual Holy Ghost celebration will be held at San Pablo Saturday and Sunday, June 7 and 8, 1919. Elaborate preparations are being made to give those who attend this grand celebration given by the Portuguese people a good time, two days of recreation and amusement.

A dance will be given Saturday night, good music having been engaged.

The free barbecue Sunday will be one of the best ever, special arrangements having been made to serve the vast throng which will no doubt be in attendance.

The Pinole band will discourse sweet strains of music and the games and attractions especially be interesting this year, as the live committee have more than made good.

They had Streeter up in the air last Sunday. He will be up again next Sunday.

He Stated It Briefly and Clearly

The soldier who telegraphed ahead of his anticipated homecoming, and that he was "deloused, demobilized and delighted," had an eye for business in avoiding the high telegraph toll, as well as expressing himself in a brief and clear manner.

There With "The Goods"

There are diverse and numerous ways of advertising. The unique and latest way is a legal merchant's stunt. Instead of handing up a bouquet to the fascinating actress across the footlights, he extended a floral tribute over the railing at Monday night's council meeting to the successful lady candidate. Talk about the live ones and the "resourcefulness" of the business getter—Richmond has them all "backed off the boards."

Robert Pillow has returned from a business trip to Santa Rosa, where he has ranching interests.

SILK SHOULD BE PLENTIFUL

Crop of Wild Cocoons Is Announced as One of the Best That Has Been Produced.

According to the most reliable estimates procurable the 1918 autumn crop of wild cocoons—those producing the silk from which all pongee fabrics are woven—in southeastern Manchuria exceeds that of 1917 by 3 1-3 per cent and is more than twice as large as the corresponding crop of 1916.

The 1918 autumn crop is estimated at 62,000 baskets, of 40,000 cocoons to the basket, and the quality of the silk produced is stated to be quite good. The prevailing price during the first week in October has been 1.20 taels per 1,000 cocoons, as compared with 1.50 taels during the same period in 1917. At current rates of exchange the value of the crop as estimated is, in terms of United States currency, approximately \$3,745,000.

Owing to the excessive rainfall throughout practically the entire season great anxiety was felt lest the crop be more or less of a failure, and the dealers express great relief that not only is the size of the crop quite satisfactory, but that the quality of the silk is found to be good.

NO USE.

"You can always tell a city fellow," said Burt Blunt of Petunia. "Yes, but what's the use in telling him?" returned old Riley Rezzedew. "He thinks he knows everything already."—Kansas City Star.

Shipyard Baseball Club Is Defeated By Richmond

The Bethlehem baseball team from the Alameda shipyards had an "off day" last Sunday when they went against the strong Richmond Elks and lost the game by a score of 14 to 2.

Richmond made a batting fest of it, pounding the ball unmercifully. This is the second game played and won by Richmond.

Dewey Cafe Will Be Rebuilt

A. Hinkleman, who owns the Dewey Cafe property near Third and Macdonald, is contemplating building a brick block on his property there as soon as the remains of the frame shack is torn down and cleared away. Hinkleman owns 75 feet frontage.

UNITED STATES LEADS.

Belgium has always been noted as a nest of inventors. Up to the time of the war its people had produced 277,000 patents, or only 23,000 less than the great empire of Germany, which is 18 times the size and has nine or ten times the number of people. But it is not only in the number of inventions that the United States stands ahead. It is far in advance of all other countries as to the discoveries which have revolutionized the industries of the world. During the past 50 years man has produced something like fifty epoch-making inventions, and of these 38 have come from the United States. Three have been made by the Germans, four by the English, two by the Austrians, two by the French, and two by the Swedes.

ESCAPING DANGER.

While visiting his nephew in the city Uncle Sam Shimmerpate stopped in front of a motion picture billboard on which were displayed pictures of lions, tigers, elephants and other African wild animals.

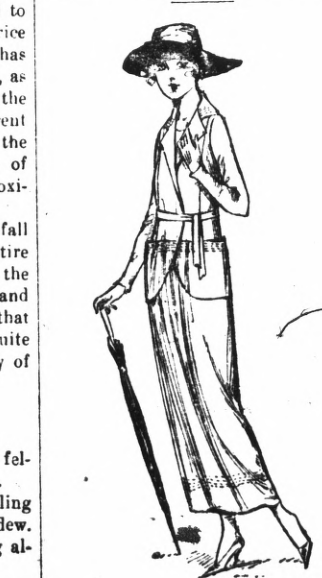

"Great guns, Henry," he said to his nephew, "I'm mighty glad I leave town Saturday afternoon."

"Why are you so anxious to get away?" asked the nephew. Pointing to the billboard, Uncle Sam read aloud the words: "To be released Saturday night."—Film Fun.

NOT A SOCIAL CALL.

"I see you live next door to Mrs. De Style." "We do." "Has she ever called on you?" "Once, informally, to tell me that if I didn't keep my dog quiet she'd have me pinched."—Louisville Courier-Journal.

"Dry Wave" Nears Contra Costa County

Dry Season On; "Water" in Demand

Mayor Lane, Councilmen Harbnett and Garrard, City Attorney D. J. Hall, City Engineer Chapman and Engineer Earl Morgan of the Standard Oil company will leave on June 4 for a four-day trip to Ukiah by auto to inspect the Eel river dam of the Snow Mountain Water and Power company in the proposed matter of establishing a municipal water system.

Warmer Weather; Ice Going Up

Notices have been issued by the Mason Ice company announcing an advance in the price of ice.

Winhaven Not Sold

The Standard Oil has not purchased Winhaven, and will not purchase the property, according to a statement given out at the Standard's office.

Cutting Must Pay the Woodward's \$7426

The suit of the Woodward's against Henry C. Cutting has finally ended. Tuesday in the Federal Court in San Francisco Judge Van Fleet made an order which requires Cutting to pay to Clayburg & Whitmore, attorneys for the Woodward's, \$7426.

Can't Stay Away From Richmond

Frank Southerland, with the P. G. & E. Co. in Oakland, came out to look us over yesterday. Southerland has not "changed much" since he came from Ft. Omaha.

Community Council Dance Tomorrow

The Community Council Grand Ball scheduled for tomorrow night promises to be a success. Sheriff R. R. Veale is boosting the dance, and will lead the grand march, with an unknown lady from Washington, D. C. Now take a guess.

"Yes, they had me up in the air," said Streeter.

Albany to Have "Dry" Season After July 30th

After many years, it is going to happen—Albany's thirst parlor are doomed. The sale of intoxicating liquors (even "bevo") will be prohibited after July 30.

This was the edict of the board of trustees Monday night when at the close of the session under the head of "Good and Welfare," Mayor Marr "startled" the lobby by the announcement, which was approved by the entire board, except Trustee Gill, who was absent on account of sickness.

There are five liquor licenses issued in Albany, there being three saloons and two groceries that dispense "spirits trumety" and potatoes containing a "kick."

Odd Fellows Ball Good Attraction

The Odd Fellows of Richmond gave one of their successful and entertaining dancing parties last night at Bank hall. The awarding of prizes to the best characters was the drawing card. It is said Fred Heckman won a valuable prize.

Suspends Business For the Summer

The South Richmond club, an improvement organization which is alive to the interests of that community, has adjourned for the summer season, many of the members leaving for the resorts.

Not in the League

The Richmond Elks baseball team has withdrawn from the league and will go it alone and independent.

C. W. Brewer in Town

C. W. Brewer, former manager of the Western States Gas and Electric in Richmond, was in town Tuesday. He is now manager for the company at Albany, Oregon.

James Jones, a Richmond Cal., broker, is here looking after interests in the Divide.—Tonopah, (Nev.) Times.

UP AT SEA

Arrives off Scotland
Two Airmen Believed to
Have Been Lost

London.—Hawker Sunday sent the following message from the Revenge to the Daily Mail:

"My machine stopped owing to the radiator in the feed pipe from the radiator to the water pump being blocked with refuse, such as solder and the like shaking loose in the radiator."

"It was no fault of the motor, which ran absolutely perfect from start to finish, even when all the water had boiled away."

"We had no trouble in landing on the sea, where we were picked up by the tramp ship Mary, after being in the water for ninety minutes. We leave Thorne at 2 p. m. Monday, arriving in London on Tuesday evening."

Missing for six days and virtually given up for lost, Harry G. Hawker and his navigator, Lieutenant-Commander Mackenzie Grieve, British airmen who essayed a flight across the Atlantic ocean without protection against disaster save what their frail airplane afforded, were Sunday night placed aboard a British warship off the Orkneys.

Some 1100 miles out from Newfoundland and 800 from the Irish coast, Monday, May 19, the aviators, making the best of an engine which was failing to function properly, were forced to alight on the water.

The little Danish steamer Mary, bound from New Orleans and Norfolk for Aarhus, Denmark, picked the wayfarers up and continued on her northward voyage.

Lacking a wireless outfit, the captain of the steamer was obliged to withhold the good tidings of the rescue until he was opposite Butt of Lewis, where the information was signaled by means of flags that Hawker and Grieve were aboard his ship.

Immediately word was flashed to the British admiralty, which sent out destroyers to overtake the Danish vessel and obtain confirmation. This was done, and one of the destroyers took the airmen off and later transferred them to the flagship Revenge.

From this safe haven Hawker sent a message that his machine had stopped owing to the blocking of the water circulation system.

Thurso, Scotland.—Harry G. Hawker and Lieutenant-Commander Mackenzie Grieve were warmly received Monday when they landed from a torpedo boat destroyer at the Scrabster pier, two miles from Thurso town. The senior naval officer and the parish councilors welcomed the rescued aviators officially.

"In the name of the people of Thurso," said Provost Mackey, "I offer you a welcome not only to Thurso, but to the shores of Great Britain. Your countrymen greet you warmly and proudly as heroic pioneers and sportsmen."

"It was at this landing station that Lord Kitchener said farewell to the land he loved, and now we shall also know it and mark it as a place of wonderful welcome to two brave sons of the empire."

Hawker, replying, merely said, "I thank you for your kind greeting."

WOMAN BURNS TO DEATH IN HER HOME

San Francisco.—Paralyzed and unable to help herself, Mrs. Annie Holstein, a widow, was burned to death late Thursday night, May 22, when fire destroyed the cottage in the rear of 11 Mars street, south of the Ashbury Heights district, in which she made her home.

During the fire Philip Murphy, houseman attached to Engine No. 27, was severely injured, and Driver Clarence Buzzini of Engine No. 40 proved himself a hero. At the risk of his life he jumped aboard a runaway fire engine and brought it to a stop as the vehicle was about to crash into a crowd of persons at the foot of the hill at Seventeenth and Danvers streets.

Mrs. Holstein, who was 50 years old, lived in the house alone. Little was known about her by neighbors. Mrs. Mary Benson, who owns the house fronting the destroyed cottage, said Mrs. Holstein recently suffered a paralytic stroke. It is presumed by the police that while preparing to retire the woman overturned an alcohol lamp.

JOAQUIN DELTA OCTOGONARIAN DEAD

Stockton.—Ben M. Bixler, who was his brother, the late David Bixler, pioneered in the development of the San Joaquin delta, died May 21, aged 82. Born in Baltimore, Bixler engaged as a young man in railroad building with the Baltimore and Ohio railway and from then on he was identified with several railroad companies and railroad building in the Mississippi valley. Giving up Bixler came west to the San Joaquin delta, bringing with him a family can use. Why plant 100 or more and never take care of them? Many of our farms have too many neglected fruit trees. Cut out some and take care of those that remain.

BAPTISTS VOTE FOR 100 MILLION BUDGET

Completion of \$6,000,000 Layman's Fund Also Approved at Convention

Denver, Colo.—Election of D. C. Shull, Sioux City, Ia., as president; selection of Buffalo, N. Y., as the 1920 convention city; adoption of a \$100,000,000 budget, covering five years; compulsion of the \$6,000,000 layman's fund and organization of the general board of planning and promotion were the principal features of Monday's session of the Northern Baptistists' convention.

The report of the nomination committee for convention officers was adopted and all nominated automatically become officials of the convention for the next year. F. W. Freeman of Denver, who was nominated for president from the floor of the convention, subsequently withdrew his name and the election of Shull was unanimous.

Completion of the \$6,000,000 fund, which the state delegations raised by underwriting the unsubscribed portion, makes immediately available to the home and foreign missions societies of the church the \$2,000,000 contingent donation from John D. Rockefeller, announced Saturday. In addition legacies and bequests announced Monday brought the fund, including the Rockefeller donation, to \$9,000,000.

GOV. SIGNS SIXTY-FOUR BILLS FOR EXPENDITURES

Appropriation Measures Include U. C. Maintenance Fund

Sacramento.—Sixty-four budget appropriation bills were signed May 23 by Governor William D. Stephens. No road measures appear in the list. The more important appropriations are:

\$50,000 for cottages for California School for Girls, Ventura.

\$80,000 for the protection of Los Angeles and Long Beach harbor, \$250,000 being available this biennial.

\$55,000 for maintenance Los Angeles exposition.

\$25,000 for fire protection under State Board of Forestry.

\$30,000 for deporting insane persons.

\$500,000 for the improvement of the mouth of the Sacramento river.

\$80,555 for addition expense for orphanages.

\$175,000 for Sacramento, San Joaquin and Feather river improvements.

\$200,000 for maintenance of the Bureau of Tuberculosis.

\$200,000 as a revolving fund for the state purchasing department.

\$100,382 to refund taxes to Inyo county.

\$1,574 to refund taxes to San Bernardino county.

\$124,100 for rental of state offices at Sacramento and Los Angeles.

\$20,000 for compensation benefits for state employees.

\$100,000 for the maintenance of the Railroad Commission.

\$55,000 for the State Board of Health for control of contagious diseases.

\$128,000 for the maintenance of state purchasing department.

\$30,000 for the maintenance of California Redwood Park.

\$30,000 for printing constitutional amendments.

\$400,000 for the maintenance of the University of California.

\$101,856 for agricultural extension.

MRS. MARY PYLE, OLD SANTA CLARA RESIDENT, BURIED

San Francisco.—Mrs. Mary Pyle, whose funeral took place at the residence of her daughter, Mrs. M. A. Spangler, 548 North Second street, San Jose, on Wednesday, May 21, was born in Vermillion county, Indiana, in 1839 and came to California in 1854.

Since the latter date she resided almost continuously in Santa Clara county. She was the mother of eleven children, seven of whom survive her. They are D. M. Pyle of Guadalupe, Mexico; S. H. Pyle of Nacozari, Mexico; William Pyle of Gilroy; Grant S. Pyle, San Francisco; Mrs. M. A. Spangler, San Jose; Mrs. Adelia Kimball, Los Angeles, and Mrs. Fannie Johnson, Bakersfield.

Mrs. Pyle came from an old Scotch family and her grandfather, Richard Mack, fought for seven years under George Washington.

TOO MANY NEGLECTED TREES

Twenty-Five or Thirty Apple and Plum Trees Will Furnish Sufficient Family Supply.

A farm orchard of 25 or 30 apple and plum trees, well cared for, will furnish all the fruit the ordinary family can use. Why plant 100 or more and never take care of them? Many of our farms have too many neglected fruit trees. Cut out some and take care of those that remain.

Condensed News of California

Redding.—Lassen peak is in eruption again.

Vallejo.—The Vallejo chamber of commerce has launched a campaign for 1000 members.

Auburn.—Transfusion of blood is being tried as a means of curing the fls of Miss Jean Deming, who is in a bay city hospital. Miss Deming was a high school teacher here until she resigned when war was declared and took up nursing.

CHURCH ELDER WHO KILLED 20 Foe HOME

New York.—Sergeant Alvin C. York of the 328th Infantry, who, at the head of a detachment of seven men, killed twenty Germans, took 132 prisoners, including a major and three lieutenants, and put thirty-six machine guns out of operation, arrived May 22 on the transport Oltman, wearing the Congressional Medal of Honor and the French Croix de Guerre. Sergeant York's home is in Pall Mall, Tenn.

Sergeant York won his honor in the Argonne drive last October, when a corporal. He was the guest of honor May 23 at a banquet given by the Tennessee Society.

The sergeant, who is an elder in the Church of the Christ and Christian Union at Pall Mall and was for a time listed as a "conscientious objector," declared it was "the hand of God that guided us all and brought about the victory."

"I feel a heap stronger spiritually than when I went away," he said. "No man could pass through what I have without feeling that way."

Sergeant York said he was considering the entry to the ministry, but had not yet determined on his future.

Discussing the report that he was a conscientious objector, the sergeant said:

"I was out on the field at Camp Upton when a letter was received from my pastor saying that I was a conscientious objector. I was not. I don't approve of taking human life unless it is necessary, but I considered it necessary when my colonel and my captain explained that the fight was for democracy, the peace of the world and for humanity. Then I determined to fight."

From a hotel Sergeant York talked over the long distance telephone with his mother in the Little Pall Mall grocery store, five miles over the Kentucky border. After greeting her he sent his love to his seven brothers and three sisters.

The first thing that met the eyes of the Tennessean when he was ushered into the room, which had been prepared for him, was a framed photograph of his mother on the bureau.

York had little to say about the feat which won him the highest honor medal his country could bestow.

"I kept my automatic in my right hand all the time and my rifle in my left and kept on firing," he said.

S. F. MAN ACCUSED OF ASSAULTING GIRL

Fresno.—Charged with knocking down Miss Louise J. Colmore with a revolver in a vacant lot in this city after midnight, May 21, M. C. Carter of San Francisco is held in the county jail.

According to the police, Carter knocked Miss Colmore insensible. He ran when she recovered consciousness and screamed. Carter was arrested when he returned to seek his pistol. He came to Fresno three months ago from San Francisco and is a bookkeeper for the Western Meat Company.

lone.—E. Forbes and William Havestrick, who were believed to have been fatally injured in a cave-in at the Newman clay pit, will recover.

Grass Valley.—Harvey Harris, a local boy, who fought in the battle of the Argonne and who has been with the army of occupation, will arrive home very shortly.

Lodi.—Business will be suspended here on June 4 when Northern San Joaquin county meets here to celebrate the return of the boys who were in the service.

Marysville.—The decomposed body found in the Sutter by-pass has been identified as that of Richard Ryan, who was one of three to lose their lives last February. The other bodies have not been recovered.

Taft.—The supervisors have called for bids for the erection of a \$5000 library at Delano. The Women's Improvement Club has donated the site for the proposed building.

Riverbank.—J. Ames of San Francisco, who is one of the prime promoters of the co-operative store going in, announced at a meeting here that a similar store would be put in by the unions at Calwa City.

Grass Valley.—A valuable quartz mining property is being disputed in a suit which has been filed by the Grass Valley Boundary Mines Company against the Center Company of Grass Valley and the Golden Center.

Woodland.—Byron Archer, the young farmer of this county who shot and killed Herbert Jones on the Jones ranch, on February 26, was acquitted by a jury here. His plea of self-defense was accepted by the jury as sufficient grounds for his act. Archer is a nephew of General E. Archer, former United States surveyor of the port of San Francisco and one of the best known Republican politicians about the bay.

CALIFORNIA FARMERS' UNION, MODESTO, JUNE 6

Modesto.—A huge tent is being secured in San Francisco to house the California Farmers' Union convention in Modesto June 6, when 5000 and more people from the Sacramento and San Joaquin valleys as well as other sections of the state are expected to gather. The convention will listen to the most distinguished farmers and economists in the nation, headed by C. S. Barrett of Georgia, the only representative of the farmers of the world who sat in the peace council at Paris and pleaded the farmers' cause for recognition in internationalizing the producers of the world. The following program has been tentatively made up so far as the visiting notables are concerned:

9:30 a. m.—Address of welcome by George Sawyer, president of the farm bureau of Stanislaus county.

8 p. m.—Address by A. A. Elmore, president Farmers' Union of Washington, on "The Plans of the Agriculture Temple Committee."

8:30 p. m.—Address by Senator Thomas P. Gore of Oklahoma, chairman Senate Agricultural Committee on "Farm Organization and Government Price Fixing."

COUPLE CELEBRATE 70TH ANNIVERSARY OF WEDDING

San Francisco.—Married in Sanport, Me., in 1849, and coming down the Horn to California in 1859, Mr. and Mrs. Robert H. Pratt of Corte Madera, May 22 received congratulations from their many friends for having just celebrated their seventieth wedding anniversary. Pratt will be 94 in August, while Mrs. Pratt has already passed her ninety-first birthday. At their wedding anniversary party five great grandchildren, ten grandchildren and four children were present. Pratt was for many years general assistant superintendent of the Southern Pacific lines in this state.

U. S. LIQUOR LICENSE SALES TO END JULY 1

Official Says Federal Permits Will Not Be Sold Unless New Laws Are Made

San Francisco.—Licenses for the sale of any kind of liquor will not be issued by the bureau of internal revenue after July 1, unless new laws are enacted in the meantime, according to Internal Revenue Collector Justus S. Wardell.

Inquiries concerning the status of beer and wine have been received by the bureau following the president's message.

It is generally conceded that the fate of all distilled liquors is sealed, in the opinion of Wardell, and there is little hope among dealers in that class of goods.

"All federal licenses expire July 1," said Wardell recently. "If the agricultural act is revised or stricken from the statutes there will still be no provision for the issuance of license to sell distilled liquors."

In discussing the situation a member of the Wholesale Liquor Dealers' Association said:

"California is on her last 10,000 barrels of distilled liquor. The president's message spells doom for whiskey. There will be no legislation looking to the granting of permission for the sale of this class of goods."

Officials of the California Wet Federation and the Allied Interests, an organization composed of representatives of twenty or more industries, which would virtually be put out of business by the operation of a bone dry law, expressed satisfaction over the president's recommendation that congress repeal war-time prohibition.

"The president could scarcely have done otherwise," said Frank G. Roney of the Wet Federation, "in view of the fact that there now exists no reasonable pretext for enforcing a war-time prohibitory measure."

"If congress takes no formal action the president may proclaim the war over and demobilization complete, an action that would automatically dispose of war-time prohibition."

Roney said that the action of the president would not cause a lapse in the activities of the wet interests with regard to the circulation of the two referendum petitions in California against the ratification by the legislature of the Sheppard amendment and the Harris enforcement measure.

DRYS PLAN TO BLOCK PRESIDENT WILSON

They Aim to Keep All Repeal Bills in Committee Till After July 1

Washington.—Notwithstanding President Wilson's recommendation for repeal of war-time prohibition in so far as it relates to wines and beers, the opinion seems to gain ground at the capitol that all repeal measures would be kept in committee until after July 1.

In the meantime, however, prohibition leaders planned to enact legislation for enforcement of the war-time prohibition act and the constitutional amendment. Senator Sheppard, Democrat, of Texas, author of the wartime act, said he was confident enforcement legislation would be passed before July 1.

Northern Baptists TO VOICE PROTEST

Denver, Colo.—Unanimous action condemning President Wilson for his recommendation to Congress of the repeal of war-time prohibition was taken by the Northern Baptist convention in session here last week. The convention voted to prepare resolutions "in strong and vigorous terms, and at the same time dignified," expressing its disapproval of the president's stand.

NATIONAL DRY LEADERS PLAN DEMONSTRATION

Chicago.—National leaders of the prohibition forces made a concerted protest against congressional removal of the July 1 ban on beer and light wines, as recommended by President Wilson here Sunday.

REFERENDUM DENIED WETS IN ARKANSAS

Little Rock, Ark.—Permission to file petitions for a referendum vote on ratification of the prohibition amendment to the federal constitution was denied by the secretary of state on grounds that ratification of proposed amendment was a matter for legislative action.

\$18,000 DISTRIBUTED TO CASTOR BEAN GROWERS

Santa Barbara.—A total of \$18,000 has been distributed by the Santa Barbara Castor Bean Association among the patriotic bean growers of the state, as the profits from the sale to the government of the 1918 castor bean crop. There were 13,000 bushels shipped to the war department on April 1.

EX-SOLDIERS MAY WEAR UNIFORMS

Army Men in Doubt if Employment Official Can Prevent Peddlers From Wearing Suits

San Francisco.—The dispute over the right of honorably discharged soldiers to wear their uniforms indefinitely after being mustered out was settled finally May 22. It is believed, with the receipt of a letter by the State Bureau of Readjustment from J. T. Kerr, acting adjutant general of the army. General Kerr wrote that congress has granted the discharged soldier the right to wear his uniform until worn out so long as he displays the red chevron to distinguish him from the man still in the service.

Later Colonel Lewis E. Goodier, Judge advocate of the Western Department, dug through the records for the law passed by the last congress, and which became effective February 28, 1919.

This enactment does not restrict the wearing of the uniform as long as the red chevron is attached.

Army men were sent scurrying for their records because of the interpretation of Captain E. C. Wemple, who opened offices in the Flood building ten days ago as the field representative of the Emergency Employment Bureau, which is under the management of Arthur Woods, former police commissioner of New York city, and now special assistant to the secretary of war.

Wemple exhibited instructions he said he had received from the office of the secretary of war advising that the federal statutes forbade discharged men from wearing a uniform regularly after they had reached their homes and permitted the wearing of uniforms after that only upon occasions of ceremony. Congress permitted the soldier to keep his uniform as a souvenir only, and not to wear it, he said.

However, despite these instructions Wemple said his office would not molest any wearing the uniform unless they were commercializing it through peddling or soliciting.

Army men believe the Washington authorities directing the activities of Captain Wemple were thrown off the right track by reading War Department Circular No. 85, 1919, which was issued February 19 or just nine days before the new law took effect. This circular followed specifically the interpretation of the law as given by Captain Wemple's office. But naturally it was superseded by the new congressional enactment.

Another fine point of the military law was raised when army men expressed doubt as to whether Captain Wemple can prevent the commercialization of the uniform, as the army authorities hold they have no jurisdiction over discharged soldiers whether they wear the uniform or not.

As long as a discharged uniformed man breaks none of the laws of the United States, or of the state, nor violates any of the city ordinances, grave fears were expressed as to whether Captain Wemple could molest them, even though extreme cases were met with. They add that the only remedy for the difficulty is through public opinion and educating the public not to patronize a peddler merely because he wears a uniform.

MOONSHINERS IN VA. TOO MANY FOR REVENUE MEN

Roanoke, Va.—Eighteen raiding officers of the federal government are now attempting to cover the entire state of Virginia in the suppression of moonshining. They are finding plenty of work to do, according to the best information available, and dozens of blockade outfits have been cut up with in the past few weeks. Counties where a moonshine still a few years ago was a curiosity are now dotted with illicit plants.

Not a growing spirit of defiance to prohibition but the desire for profits is credited by revenue officers with being the cause of the prevalence of moonshine stills. A bushel of meal will make about three gallons of whiskey. This stuff is retailing in the cities for ten dollars per quart, which makes a bushel of meal made into whiskey worth \$120, fifty times its value if sold in original form.

It is asserted that the entire revenue force of Virginia might be used to advantage in one county alone in some sections. In the absence of needed help the present force is being scattered into various sections and is reinforced by state officers and local police.

AN APPEAL TO PARENTS

Your children are all entitled to receive a kindergarten education, but sufficient kindergartens have been established for only one in eight of our nation's children.

In many communities the parents have secured a kindergarten by presenting a petition to their school authorities.

The bureau of education will gladly furnish, upon request, blank petitions and propaganda leaflets.

Bessie Locke, director of kindergarten extension, United States Bureau of Education, 8 West 40th street, New York.

CALOMEL MAKES YOU SICK. UGH!

"Dodson's Liver Tone" better than calomel and can not salivate.

Calomel loses you a day! You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It cramps and sickens you. Calomel attacks the bowels and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.—Adv.

THE LURE OF SPRING
When the sun is winking early In the gray dawn of the east, And shines all day in his sleepy way, His warming rays increased, When the muskrat haunts the marshes All along the silver stream, And the blackbirds' glees rings out "Chew-w." A song like a golden dream; 'Tis then the pulse of days long gone Beats strong in every vein, For the lure of spring has a captive ring, And we are young again.

When the velvet grass is sprinkled With the dandelion's gold; And the tumble bees, 'neath the willow trees, Are growing very bold; When the chubs and redfins gambol 'Up and down the old mill race, And the butterflies and the dreamy skies Are smiling on nature's face; 'Tis then the memories come once more, But time should not complain. For the lure of spring has a captive ring, And we are young again.

Laugh When People Step On Your Feet
Try this yourself then pass it along to others. It works!

Ouch ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn or hardened callus stops soreness at once, and soon the corn or callus dries up and lifts right off without pain.

He says freezezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of freezezone will cost very little at any drug store, but will positively remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have freezezone tell him to order a small bottle for you!—Adv.

MEMORIAL.
A year, a month, Memorial day, Like tinted snow the bloom of May, Sweet flowers, types of life and death, Bathed by Mem'ry's living breath, Their work renew.

While Love and Duty, linked by tears, Knock in the name of every year On Memory's door, To offer with the scent of youth Their tributes to a patriot truth For evermore.

So years creep on—A Nation's fame Gema each loyal soldier's name In who'll live, On Memory's door, And our Flag shall ever wave Requisite o'er each Patriot's grave—The Boys in Blue.

MEMORIAL DAY

by T.C. Harbaugh

They march once more, but not as when They sought the battle fray; A thinning line of gallant men, Whose thoughts are far away; Their white locks float upon the breeze, Their step is short and slow, But in their eyes the watcher sees The fire of long ago.

Under the standard, bullet-torn, Behind the muffled drum, In uniforms in battle worn, Adown the street they come; Hate and angering 'twill be too late To honor thus the Blue. These are the men who grimly wait To hear the last tattoo.

Bring chaplets for the men who sleep Beneath the somber pines— The brave who in the forest deep Formed once the battle lines; No clarion notes arouse them now, No foes around them lie. The grass is waving o'er each brow Beneath the Union's sky.

For them no drums of battle beat Advance or overthrow, For them no bugles sound retreat, No dreams of midnight foe; Among the cedars and the pines, Beside the river's flow, They gently camp in sacred lines Who battled long ago.

Columbia weaves a wreath of fame, Her hands the blossoms spread, She knows her sons, she calls by name Her living and her dead; Beneath the banner of the stars, In Solitude's array, She crowns her heroes of the wars On loved Memorial Day.

For them no drums of battle beat Advance or overthrow, For them no bugles sound retreat, No dreams of midnight foe; Among the cedars and the pines, Beside the river's flow, They gently camp in sacred lines Who battled long ago.

Might Have Been Worse
An optimistic old Scotchman's favorite expression was, "It might have been waur." One day a friend said to him, "Tammas, I had a awful dream about ye last night. I dreamt ye were dead."
"Aye, man Sandy, that was bad indeed, but it might have been waur."
"But it is waur," went on the other. "I dreamt ye had gone to the bad place."
"Losh, me Sandy! Me an elder in the kirk dead an' gone to the bad place. That was awfu', but it might have been waur."

"Hoo could it have been waur than that?" asked Sandy, amazed.
"Weel, ye ken, it might hae been true."

A False Charge
"Prisoner, have you any collateral about you?"
"No, sir. Never touched the damned thing."

ALBANY NOTES

Mr. and Mrs. Schell have returned from a trip to Los Angeles.

Miss Margaret St. John is spending her vacation at Los Angeles.

E. Wixon was a dinner guest of Mr. and Mrs. L. C. Green Wednesday. He spent the evening with his Maccabee brothers.

Mrs. Thomas Lottridge, widow of the flagman who was recently killed by an automobile, has moved to Oakland and will live with her sister, Mrs. Dr. Baldwin in Grand ave.

The Lindquist family are rejecting over a message received from their son Anton who will be home this week, after an extended stay overseas. He is in the U. S. army service.

Harold Clark writes his parents from Siberia that he is sleeping under eight pairs of blankets, and that ice cream does not require a freezing machine. He expects to be home by Christmas.

Mr. and Mrs. Seeman, formerly of our city, but now of 4th ave., Oakland, were visiting friends Tuesday. They have disposed of their property here. Albany has lost one of its best families.

Jimmie Davis, brother-in-law of Mrs. Jack Brown, has been in a critical condition, having had one of his arms amputated, a case of blood poisoning, the result of a mere scratch.

The children of the Marin school alone have sold \$28 worth of tickets for the whist party to be held this evening. This money is to be used for the good of the school. Come out to night and help a good cause along.

Dr. Arthur S. Hickox has purchased a home here and will be one of our permanent residents. He is making many acquaintances and will be a valuable acquisition to Albany's increasing population.

Henry Owen Tiffany of San Francisco has purchased the Seeman property on Marin ave. and the family will occupy their cozy home within a few weeks.

An alarm sent in at 3:30 Monday morning from box 21 called the fire department to the Townsend garage at Talbot and Marin where an overheated motor was trying its best to get "things started." The motor is used for pumping water, and Mr. Townsend being absent the department arrived just in time. The damage is estimated at about \$100.

The Terminal is on file in all the public libraries in Contra Costa county and has hundreds of readers.

VERY SAD.

"There is one sad memory of the war which is going to linger to the end of this generation."

"What is that?"

"The memory of the war bread mother used to make."

"Do you approve of censorship?"

"Not exactly," replied the nervous man. "Things always seem so much worse when they are left to my own imagination."

Correct Lubrication for the "V" Type Engine

This is the "V" Type of automobile engine—high speed, finely adjusted—one of the several modern types. Engines of this type, like all internal combustion engines, require an oil that maintains its full lubricating qualities at cylinder heat, burns clean in the combustion chambers and goes out with exhaust. ZEROLENE fills these requirements perfectly, because it is refined from selected California asphalt-base crude.

ZEROLENE is made in several consistencies to meet with scientific exactness the lubrication needs of all types of automobile engines. Get our "Correct Lubrication Chart" covering your car. At dealers everywhere and Standard Oil Service Stations.

LIKE THE DARKEY'S COON TRAP, THEY SURE GET US.

Government ownership would not be popular with the people if the utilities must be run at a loss and the people taxed to meet deficits.

It is claimed that telephone rates must be advanced to meet running expenses; that the low rates of foreign countries are due to the fact that the taxpayer pays the deficit.

In England a six-pence telegram costs the government eleven pence to deliver. The sender pays six-pence and the taxpayers pay the remaining five-pence.

This proves that under civil service the price is often a trick and delusion.

Berkeley Times Merges Into Daily

The West Berkeley Daily Times, published by James Koll, has finally made its appearance, its initial bow, and bids fair to become a fixture. Editor Koll has selected an excellent field in West Berkeley. The Times will prosper, for the business men and residents west of the Santa Fe right of way are wide awake to the advantages of a good newspaper conducted by the right man, such as James Koll.

"Didn't your husband promise you not to bet on horses?"

"Yes," answered young Mrs. Torkins. "I mentioned it to him, and Charlie solemnly assures me he has been betting on nothing but dogs."

SHERIFF'S SALE.

Eugene Kelly, Plaintiff, vs. R. E. Martinez, Defendant.

Under and by virtue of a writ of execution, to me directed, issued out of the Superior Court of the City and County of San Francisco, State of California, on the 8th day of April, 1919, in the above entitled action, wherein Eugene Kelly recovered a judgment against R. E. Martinez, which judgment was duly entered and docketed on the 9th day of May, A. D. 1919, for the sum of Seventeen Hundred and Twenty-seven and 75/100 dollars damages, Gold Coin, with interest, together with Twenty-two and 95/100 dollars costs, and accruing costs, I have levied upon and taken under execution all the right, title and interest which the said R. E. Martinez had or held on the 12th day of February, A. D. 1916, or at any time subsequent thereto, in and to all that certain lot, piece, or parcel of land, lying and being in the County of Contra Costa, State of California, and described as follows:

That certain tract of land consisting of about 202 47 acres situate in the County of Contra Costa, State of California, being a part of the Rancho de La Canada de Pineda, bounded on the north by Garcia subdivision, on the east by the lands of the Peoples Water Co., on the south by the 127 acre tract of Martinez, on the west by the Grant line consisting of 202 47 acres.

Together with the improvements and appurtenances thereto belonging. Public notice is hereby given that on Tuesday, the 27th day of May, A. D. 1919, at 11 o'clock a. m. of that day, in front of the courthouse, in the City of Martinez, County of Contra Costa, I will sell all the right, title and interest which the said defendant had or held on the 12th day of February, 1916, the day on which said attachment was levied as aforesaid, or which he may have subsequently acquired in and to the above described property, to the highest bidder for gold coin of the United States.

Dated Martinez, April 22, 1919.
R. R. VEALE,
Sheriff of the County of Contra Costa, State of California.
